

"Volunteering at the ReStore is a great way to meet new people, share your knowledge, and help Habitat's mission!"

- ReStore Volunteer

The ReStore is a home improvement outlet open to the public. All revenue supports Twin Cities Habitat for Humanity's work building, rehabbing, and repairing homes for local families.

This year, proceeds from the ReStore will sponsor the construction of five homes for low-to-moderate-income Twin Cities families.
